

**BRC Asia Limited**  
Corporate Profile

BRC ASIA LIMITED

## Introduction

Incorporated in 1938 and listed on the Mainboard of the Singapore Stock Exchange in 2000, BRC Asia Limited (“BRC”) is a leading solutions provider for prefabricated reinforcing steel in Singapore, offering products such as 12m standard length rebar, standard and customised welded wire mesh, cut and bend services for rebar and prefabrication service for various structural elements. With the acquisition of Lee Metal Group Ltd in 2018, BRC has become the largest **Total Reinforcing Steel Solutions** manufacturer worldwide.

BRC’s vision is to prefabricate a major portion of reinforcement for in-situ installation or for precast elements.

By transferring laborious and unproductive in-situ steel fixing work to factory fabrication, substantial benefits in on-site manpower savings, shorter construction cycle, better build-ability and productivity can be achieved leading to a **Better, Faster, Cheaper** for all stakeholders.

Along with reinforcement, BRC is also the leading supplier of welded fence mesh products in Singapore under the brand name “BRC Weldfence”.

## Company Information

SGX Stock Code	:	BEC
Market Cap.	:	S\$306 million (as at 21 August 2019)
Total Assets	:	S\$643 million (as at 30 June 2019)
Net Assets	:	S\$255 million
Revenue	:	S\$679 million (9 Months FY 2019)
No. of Employees	:	> 1000

## Manufacturing

Manufacturing Plants and Facilities:

Singapore	:	90,000 m2
Malaysia	:	38,000 m2
China	:	55,000 m2

BRC ASIA LIMITED

**Manufacturing**

Manufacturing Capabilities:

- Fully automatic mesh welding lines from Europe.

- Automated shear lines for rebar cutting from USA and Europe.

- Automatic double benders from USA and Europe.

- Automatic link benders from Europe and Japan.

Storage Capacity : Inventory of more than 250,000 MT at any one time.

Fabrication Capacity : Mesh  
Cut and bend  
Prefabrication  
Fence Fabrication } > 3,000 MT/day

BRC ASIA LIMITED

## Our Philosophy

We believe in forging a strong partnership with the project team from the onset to adopt the best possible prefabricated reinforcing solutions to achieve a **Better, Faster, Cheaper** outcome for all stake holders.

## Our Competitive Advantages

- Just-in-time delivery.

- Express service (24 hours\*) for cut and bend.

- Customer centric culture

- Full suite of prefabricated reinforcing solutions.

- Competent and innovative technical team .
